ARTIST A SUICIDE.

Willis E. Davis Dies on Steamer.

Sends Nurse from Stateroom to Call the Doctor and Shoots Himself.

Wealthy San Franciscan Ill and Despondent Over Wife's Death.

Suffered a Severe Nervous Breakdown—Recovered at Santa Barbara.

(BY DIRECT WIRE TO THE TIMES.)

NEW YORK, March 16.—[Exclusive Dispatch.] Willis E. Davis of San Francisco, a wealthy artist, committed suicide on the White Star liner Oceanic on the voyage from Southampton, which ended at this port today. He was ill and despondent over the death of his wife.

A wireless message, sent two days ago from the vessel to Mr. Davis's brother-in-law, F. W. Van Sickle, in San Francisco, simply stated that the artist had died suddenly.

Mrs. Davis died in October and soon after Mr. Davis went abroad. He was accompanied by an attendant. On the first day out on the return trip Dr. J. C. H. Beaumont, the ship's surgeon, was called to attend him. He found Mr. Davis suffering with congestion of the lungs and on the verge of pneumonia.

On Saturday morning the physician called upon Mr. Davis again and after treating him left the stateroom. The sick man lay quiet for some time and then he turned to the nurse and said:

"Go and tell the doctor that I want to see him."

The man found Beaumont in the stateroom and together they went back to the room and found Mr. Davis dead. A revolver lay beside him. The artist evidently had waited until the nurse was out of hearing and then placed the muzzle of his revolver in his mouth and fired. The bullet had passed completely through his head and was found in the pillow.

At the time the shot was fired nearly all the first cabin passengers were on deck and the shot was not heard. When the vessel reached here today there were few of the passengers who were aware of the tragedy.

The body was taken to the baggage room of the liner very quietly and the casket in which it was placed was immediately sealed. It was taken from the liner soon after its arrival.

Mrs. E. C. Hodges, who is living at the Hotel Buckingham, was among those at the dock to see about the removal of the body. Mrs. E. C. Hodges is the sister of Mr. Davis.

NEPHEW TRIES TO STEAL KISS.

Grand Aunt Objects and the Poor Boy Is Sent to Prison.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, March 16.—[Exclusive Dispatch.] Because he had attempted to kiss his grand-aunt, Mrs. Ella Albee, 55 years old, No. 6225 Perry avenue, Edward A. Marbet, 18 years old, was fined \$50 and costs by Municipal Judge Fry at the Englewood court today, on a charge of disorderly conduct. He was unable to pay the fine and was ordered committed to the Bridewell.

The boy's mother and father died some years ago and he had been living at the home of his grand-aunt. He pleaded guilty.

"It was last Monday night," Mrs. Albee testified. "As soon as he came into the house he tried to kiss me. I pushed him away, but he seemed determined and made another attempt. When I avoided him and screamed he threw a missile at me."

SUFFRAGISTS IN JUBILANT MOOD.

SEE BIG VICTORY IN CHURCHILL'S ACTION.

Home Secretary Recommends Taking Women Political Prisoners Out of Criminal Class—Claim It Is Entering Wedge for Future Importance.

(BY DIRECT WIRE TO THE TIMES.)

LONDON, March 16.—[Exclusive Dispatch.] "We call it the greatest concession yet made to women by a political party in England," said Miss Christabel Pankhurst to the correspondent of the Los Angeles Times today, with reference to a modification of prison regulations affecting women suffragists, announced by Home Secretary Winston Spencer Churchill in the House of Commons last night.

"Hitherto," continued Miss Pankhurst, "the women engaged in our cause, when they clashed with the law, have had to suffer the same punishments as male criminals. They have been forced to don prison garb, perform degrading labor, live on the most meager food, sleep on planks removed about an inch from the floor and undergo other drastic hardships."

"Although Secretary Churchill's proposals remain to be explained fully, it is evident that our efforts have had an effect and that women prisoners will be treated somewhat, if not entirely, as first-class misdemeanants. The women intend to examine and probably also to dispute the victory in Albert Hall Friday night, when my mother will take the chair."

"So far as concerns Mr. Churchill's statement that the government cannot take into account the motives of women campaigners in judging what they do, we regard the statement as a lie. We regard the motive as all-important and we demand that it shall be differentiated from the motives of dishonorable offenders against law."

"The realization that our toll is beginning to bear fruit is glorious to us. Neither of the great political parties dares any longer to ignore or insult us, as both were so fond of doing a short time ago."

"No political controversy hereafter can be unaffected by the opinions and wishes of the women. We shall have our say all along the line, helping those who help us and harming those who harm us, our power those who harm us."

"We count it a cause of pride that against all the 400 women tried in connection with the fight for women's liberty, the police have been unable to bring a syllable of evidence reflecting on their morality."

DANIEL DYING.

Noted Senator Is Near End.

Long and Distinguished Career of Virginian Is Almost Over.

Statesman Passing Away at Daytona, Fla., as Result of Paralysis.

Many Years Leader in Democratic Councils of the United States.

(ASSOCIATED PRESS NIGHT REPORT.)

DAYTONA (Fla.) March 16.—United States Senator John W. Daniel of Virginia, is sinking rapidly, and the end is expected before morning. The senator has been in a state of coma for forty-eight hours. The physicians issued the following statement at 11 o'clock tonight:

"Senator Daniel's condition is critical to an extreme degree. The indications are that he is rapidly approaching the end. He is in a state of coma, which is getting more and more profound. This coma may terminate in death during the next twelve hours, or it may be as late as twenty-four or seventy-two hours. The coma is due to cerebral hemorrhage, which caused a paralysis of the right half of his body at the beginning of his illness here."

John Warwick Daniel was born at Lynchburg, Va., September 1, 1842. He was the son and grandson of a judge. His ancestors all were Democrats of the Jeffersonian stripe and in politics he followed in his father's footsteps. In the United States Senate he represented that type of statesman which, in a better name, is called "old school."

The Daniels were never wealthy, but from the earliest colonial days they enjoyed prosperity in a modest way. The family faculty ran rather to law and politics than to money making.

The third day in the contest of counsel before the court was a memorable one, not only because of the arguments, but because of the interest manifested in the proceedings, on the part of the bench. Rules of the court prohibiting spectators standing in its presence were swept aside, and members of Congress stood around the wall of the room. Not in years have so many persons been packed into the little chamber.

It fell to Atty.-Gen. Wickersham, on the side of the government, and to John Q. Johnson, for the defense, to make the closing remarks. In addition, D. T. Watson, another Standard Oil counsel, addressed the court earlier in the day.

Mr. Wickersham taunted his opponents for "desiring to cast the veil of oblivion over the past."

"It brought one of the proudest railroads in the world to its knees," said Johnson. "It compelled terms never before heard of in the world. What wonder it became rich. It grew richer and richer until it became a national scandal; until the courts and the legislatures were appealed to. Then, and only then, did it consent that the railroads might carry other people's business on the same terms as its own. That was the word in your Honors' presence, but that is what competition is. Yet, they complain because we undersold some one."

"There are plenty of laws that could reach unfair competition if it be illegal," he said. "The law that permits a \$25,000,000 fine to be laid, was not a Pickwickian law."

In closing, he pleaded with the court not to strike down a legitimate business, or deprive the men he represented of their organization. "The remedy the government asks it to apply," he said, "is not unlike the surgical operation of amputating the foot to remove a thorn from the toe."

QUESTION RAISED.

Mr. Watson, who began his argument late yesterday, had for one of his tasks the convincing of the court, if possible, that the only act of alleged conspiracy before it was the combining of corporations in 1899. This was the only act the Circuit Court of the United States for the Eastern District of Missouri had decreed against, and as the government had not appealed, he argued, the Supreme Court could consider none of the other alleged monopolistic activities talked about by opposing counsel. Scarcely had Mr. Watson taken up the thread of his argument when Justice McKenna interrupted:

"Do you say there is before this court only the question of combining?"

British Hosts Pleased With His Praise of Their Government.

Omdurman Greatly Excited by Visit of Roosevelt and Party.

Former President Delivers a Speech at Dinner in His Honor.

(BY JOHN CALLAN O'LOUGHLIN.)

(SPECIAL CABLE TO THE LOS ANGELES TIMES.)

KHARTOUM, March 16.—[Exclusive Dispatch.] Having seen yesterday the battlefields where the Khalifa's power was broken, Col. Roosevelt today saw the results of British rule on the Nile in the prosperous mud-walled city of Omdurman, across the river from Khartoum.

Twenty years ago it was a place of confusion of blind walls, gaping holes, shiftness and stupidity. It was connected with its filthy and beastliness. Today, while nothing to brag of architecturally, since it is made up entirely of native-walled houses and bazaars, there is every evidence of peace, contentment and growing prosperity.

Roosevelt was so struck with the contrasting conditions that he made this the theme of two brief addresses, which he delivered through an interpreter, one to the boys of the government school, the other to a delegation of leading merchants from the bazaar. To the boys he said:

"I trust you will grow up to do your duty and perpetuate the present conditions."

Roosevelt, for the first time, turned on American questions in a speech delivered at a dinner at the Khartoum Club tonight. The dinner was given by British hosts in honor of the former President. Col. Roosevelt said that when he left for Africa, certain men in America, who were able to discern their affection, in a certain section of Wall Street, expressed a hope that "every lion would do his duty."

ROOSEVELT REFERRED TO PROF. STARK, who "conclusively proved" it was impossible for him to make the trip and live. "I am delighted to report that the professor, as we say in the vernacular, has to guess again."

Referring to the work done on the Sudan, he spoke of his own connection with the Panama Canal. He eulogized the government of the Sudan, saying: "I mean this government, which is giving so large a measure of peace, justice and prosperity throughout this region."

The colonel's manner, characteristically emphatic, caused great satisfaction to his British hosts, who expect that his remarks will have an excellent effect, not only here, but in Egypt, where the Nationalist party is agitating.

Accompanied by his wife, his daughter and Kermit, along with his British hosts, the colonel proceeded early this morning to Omdurman. The shores were lined with native boats and the strangely garbed dwellers in the Sudan. When he left the launch he met stately sheiks of various tribes, attired in scarlet and purple robes, carrying huge jeweled gold-trimmed swords. He shook hands with the sheiks.

NO MORE CAMELS.

Then the party, declining to ride camels, yesterday's experience apparently having been sufficient, entered comfortable cars, with neat, white-uniformed soldiers as footmen. Led by a quartette of camels ridden by Arabs in scarlet tunics, they dashed through lines of women beating tom-toms and uttering shrill "too too" cry used for the reception of distinguished guests.

STRIKE CLOUD
ROLLED AWAY.Concessions Agreed to by the
New York Central.Agreement Covers All Its
Controlled Lines.Wage Increase and Changes
in Working Schedules.

(ASSOCIATED PRESS NIGHT REPORT.)

NEW YORK, March 16.—The New York Central and Hudson River Railroad and its controlled lines, including the Lake Shore and Michigan Southern, the Michigan Central, the Boston and Albany, and the Big Four, reached a tacit understanding tonight, after an all-day conference with the Brotherhood of Railway Trainmen and the Order of Railroad Telegraphers, that there would be no strike.

In the negotiations for an increase of wages and for changes in the working schedule both sides made liberal concessions, and when the conference ended, both sides were in the best of humor and joined in a statement that there was not the least likelihood of a strike.

Thirty-two members of the unions were in the conference with General Manager Smith, and Assistant Manager Bradford of Buffalo and Crowley of Albany.

The terms on which they agreed will now be submitted to President W. C. Brown of the Central and to the board of directors, and it is understood the terms will be ratified.

The result of the conference, it was said, would mean a minimum increase of 2 per cent. to the highest paid trainmen and conductors and a maximum of 18 per cent. to lowest paid. Also, many changes are to be made in the working schedule.

Demands for a new working schedule and increased pay soon will be made jointly by conductors and trainmen on the Erie and on the Central New Jersey. The Pennsylvania is already paying more than the uniform demands of the men and that system will probably escape negotiations.

President W. C. Brown of the trainmen and President A. B. Garretson of the conductors will go to New Haven in a day or two to canvas the strike vote now being taken in the New York, New Haven and Hartford.

RIOT FOLLOWS ACCIDENT.
PHILADELPHIA, March 16.—There was an absence of important developments today in the strike situation here. The statement issued by the Committee of Ten tonight consists of a proclamation modeled after the Declaration of Independence, in which the labor representatives proclaim their intention of maintaining their fight on behalf of the strikers, and depicting the influence with the next Congress to ratify it.

The only disorder reported occurred tonight when 200 men gathered in front of the city hall. The police were called, but no riot was reported. The men were roughly handled by the police, but were released without injury.

GET BETTER WAGES.
RAILROADERS SIGN CONTRACT.
LOUISVILLE (Ky.) March 16.—An agreement, reached yesterday by a committee from the Louisville and Nashville branch of the Order of Railroad Conductors and the company for the next two years, secures to these trainmen a substantial increase in wages. The short-run passenger men and the local freight men get 8, 10 and 12 per cent. increases over their old rates. The conductors get better working schedules and an increase in overtime rates.

STORING MUCH COAL.
ELKHART (Ind.) March 16.—Thousands of tons of coal are being stored in the local yards of the Lake Shore and Michigan Southern Railroad, to be used in event of a general strike in the coal fields. Local officials say the company intends to store approximately 125,000 tons of coal here.

POLL BEING TAKEN.
SUBMIT STRIKE QUESTION.
NEW HAVEN (Conn.) March 16.—The poll of the conductors, trainmen and yard men of the New York, New Haven and Hartford Railroad system on the question of calling a strike if further negotiations over the wage and hours demands fail, began today. It is expected the poll will be completed early next week.

BANKER-ARTIST LEAVES FORTUNE FOR CHILDREN.

(ASSOCIATED PRESS NIGHT REPORT.)
SAN FRANCISCO, March 16.—William E. Davis was a wealthy banker and artist of this city. His estate, valued at \$100,000, was probated in the Superior Court here today. He was shared equally by the three surviving children. Mrs. Davis died in New York last October as she and her husband were preparing to go to Europe. Later, Mr. Davis took the trip to Europe, which ended in his suicide.

Davis was a director in the San Francisco Savings and Loan Society, the Hopkins Institute of Art and the Bohemian Club of this city. He had been in poor health ever since the death of his wife.

RECEPTION FOR "TAFT'S DOG."

SCANT COURTESY TOWARD NEW AMERICAN MINISTER.

Commandante at Amapala Refuses to Welcome Mr. McClary to Spanish Honduras—Congress Refuses to Adjourn and American Concessions Seem Doomed—Enmity Is Keen.

(BY DIRECT WIRE TO THE TIMES.)
TEGUICUALPA (Spanish Honduras) March 16.—(Exclusive Dispatch.) The legislative situation here shows considerable little change. The deadlock between the President and Congress continues. The President has tried in vain to make Congress adjourn, even declaring that there was no money with which to pay per diem, but, in the face of that, Congress voted to remain in session forty days beyond March 2.

There are a number of American concessions to be considered by Congress, but, owing to the anti-American feeling, they are doomed, unless Davis can bring about an adjournment.

American petitions received the President's sanction very readily, but his ministers entered all sorts of objections. For that reason, the President has not yet presented the Honduran railroad bond proposition to Congress, and it is understood here that he intends to withhold it until after Congress adjourns, and then validate it by a decree.

The new American Minister, Mr. McClary, arrived here yesterday, and was joyfully welcomed by the Honduran Americans here, who hope he will soon get a grasp on the actual situation, and enforce proper respect for the United States and its citizens. He was the victim of the native hatred on his arrival at Amapala.

President Davis, learning of his expected arrival, wired the commandante at Amapala to receive the Minister with all honors due his rank. The commandante replied that he would not receive any of Taft's American dogs, with honors, and the President was powerless to enforce obedience. In desperation, he wired to some personal friends at Amapala, who happened to be Germans, and they extended the official greetings of the President to Mr. McClary's arrival.

This commandante boasts that he has named his dog "Taft," just to show his contempt for Americans.

STUBBS'S DAUGHTER WINS.
Mrs. Sunderland Gets Divorce on Grounds of Cruelty—Also Names Co-respondent.

(BY DIRECT WIRE TO THE TIMES.)
REMO (Nev.) March 16.—(Exclusive Dispatch.) Judge Orr today granted Mrs. Beulah Stubbs Sunderland, daughter of Traffic Manager J. C. Stubbs, a divorce from John Sunderland, prominent in political, educational, mercantile and social affairs of this city.

The decree, which has not yet been issued, will restore her maiden name, and request a monthly alimony payment of \$75, she having declared that amount required for necessities of life. The settlement of her community property rights, he is to receive from her \$3000 in full for his share. There are no children.

Mrs. Sunderland's mother, who is from Chicago and sat by her daughter's side during the proceedings. The complaint sets forth that the couple were married in Chicago eight years ago, and alleges two causes of action, one being extreme cruelty since June 1, 1909.

A co-respondent was named. Under the latter charge the wife alleged that since last June her husband had repeatedly visited the person named as co-respondent, in the night time, and that the visits were causing great mental anguish to plaintiff. His conduct became so bold to his affluence and so indifferent to his wife that in December he made a confession, after which the latter refused further to live with him.

The person named would frequently call her husband up by telephone at home and one evening last September, while she (his wife) was entertaining a party of friends at their home, the telephone rang and the Japanese murderer, becoming abusive when the wife answered the phone.

LETTER DEEPENS MYSTERY.

Police Chief Written to by San Francisco Friend of Claimant of Russell Fortune.

(ASSOCIATED PRESS NIGHT REPORT.)
BOSTON, March 16.—A mysterious letter received by acting Chief of Police Drown of Melrose, from San Francisco, is the latest development in the contest which a Dickinson (N. D.) man, claiming to be Daniel Blake Russell, is conducting for a large share of the \$250,000 estate of Daniel Russell. The letter which was addressed "To the Chief of Police, Melrose, Mass." follows:

I am writing for and at the request of Daniel Blake Russell, who is living here. He has been a resident here for number of years. His father was Daniel Russell, who served in the State Senate of Massachusetts and who resided in the southeastern part of Melrose.

Mr. Russell says he does not care anything about the money, but was left by his father, but that he does not want to see any impostor get it. Later, Mr. Russell took the trip to Europe, which ended in his suicide.

Davis was a director in the San Francisco Savings and Loan Society, the Hopkins Institute of Art and the Bohemian Club of this city. He had been in poor health ever since the death of his wife.

NEW ARMY PROPOSITION.
National Guard to Become Part of Regular Army—All Under One Head.

(BY DIRECT WIRE TO THE TIMES.)
SACRAMENTO, March 16.—(Exclusive Dispatch.) Information from Washington has reached the Adjutant-General's office here that, probably within a year, the California National Guard, with troops of all other States, will be under the supervision and direction of a part of the regular army, the creation of the general staff of the United States Army, and will cement the mobile military forces of the nation so that they will act directly under one head and will be in the same divisions and brigades.

Arriving at Rochester on Friday he will be the guest of the Chamber of Commerce that evening. Saturday morning he will proceed to Albany, where for two days he will be the guest of Gov. Hughes. During the stay in Albany the President will attend the Tuberculosis Congress, a dinner at the University Club and probably will be the center of a number of political conferences.

On Monday he will attend a meeting at the Yale corporation, proceeding that afternoon to Providence. From Providence the President probably will be the center of a number of political conferences.

CHIMPANZEE IS DEAD.
Educated Simian Insured for Fifty Thousand Dollars—Body Will Be Embalmed.

(ASSOCIATED PRESS DAY REPORT.)
DALLAS (Tex.) March 16.—(Exclusive Dispatch.) A well-educated chimpanzee, who was dressed and taught to act like a man, died today of bronchitis after an illness of four days. The simian, which was named "Cupid," was insured with a London insurance company for that amount. During his illness he had been under the care of a human being. The body will be embalmed and sent to Europe for burial.

CUDAHY IS VISITING.
His "Val" Is Suspected of Being the Chauffeur Who Healed in Attack on Lillis.

(ASSOCIATED PRESS NIGHT REPORT.)
ASHVILLE (N. C.) March 16.—John P. Cudahy, the Kansas City millionaire, who recently attacked Jere F. Lillis of that city, is a guest at the Battery Park Hotel here, with his brother, Joseph Cudahy, and a valet. It is believed the latter is Cudahy's chauffeur, who figured prominently in the scrape.

"WHITE SLAVE" BILL.
WASHINGTON, March 16.—An agreement was reached today by the conference, on what is known as the "white slave" bill and the measure will become a law as soon as it is signed by the President. The bill, which made it a felony to furnish a ticket to send a person from one State, Territory or district, into another State, Territory or district, for the purpose of prostitution, was eliminated.

SWOPE HOME WAS SANITARY.
KANSAS CITY, March 16.—In an effort to establish the theory that the epidemic of typhoid fever in the Swope family may have been caused by unsanitary conditions, the attorneys of Dr. B. C. Hyatt today filed a suit to set aside the deposition of Robert Williams, a negro servant. Williams testified that the Swope premises were kept clean.

SEVEN STILL UNIDENTIFIED.
SEATTLE, March 16.—The seventy-three bodies recovered from the Wellington avalanche snow, forty have been identified as those of passengers. The bodies of the seven who are unidentified. The bodies of eight passengers and five trainmen are still unaccounted for.

TO SETTLE BOUNDARY LINE.
WASHINGTON, March 16.—Senator Jones of Washington today presented a joint resolution authorizing the States of Oregon and Washington to agree upon an interstate boundary line. The resolution is the result of a joint petition of the Governors of the two States.

PRESIDENT'S AUTONEARLY
RAN DOWN WOMAN AND CAR.

(ASSOCIATED PRESS DAY REPORT.)

WASHINGTON, March 16.—President Taft left here at 2:30 a.m. for Chicago over the Pennsylvania road. He is due there at 5 o'clock tomorrow. From Chicago he will swing around the circle to Rochester, Albany, New York, New Haven and Providence and will not be in Washington again until March 22.

Shortly after leaving the White House, the President had an exciting experience. The automobile, bearing him and his aide, Capt. Butt, narrowly escaped running down a woman. The heavy car, running at good speed, was crossing Fourteenth street on New York avenue when a woman darted in front of the machine. Instantly the chauffeur applied the brakes, bringing the machine to a sudden stop. The President, seeing the impending accident, was on his feet in an instant, shouting a warning. The car then continued on its way and narrowly missed hitting a trolley car. The President's visit to Chicago is primarily to attend the annual St. Patrick's day banquet of the Fellowship Club of that city. He will also be the guest of that club at luncheon. From the moment of his arrival until he leaves Chicago, at nearly midnight tomorrow, he has continuous engagements. He will ride with a military escort from the suburban station and visit the Traffic Club; attend a conservation meeting in the afternoon; will be tendered a reception at the Hamilton Club and will wind up the day with the Fellowship Club banquet.

Arriving at Rochester on Friday he will be the guest of the Chamber of Commerce that evening. Saturday morning he will proceed to Albany, where for two days he will be the guest of Gov. Hughes. During the stay in Albany the President will attend the Tuberculosis Congress, a dinner at the University Club and probably will be the center of a number of political conferences.

On Monday he will attend a meeting at the Yale corporation, proceeding that afternoon to Providence. From Providence the President probably will be the center of a number of political conferences.

SENATORS USE ROUGH WORDS.

Sharp Debate Arises Over Railroad Bill.

President Figures Prominently in Discussion.

Aldrich Denies Hiding Behind Executive.

(ASSOCIATED PRESS NIGHT REPORT.)

WASHINGTON, March 16.—In the sharpest debate yet provoked in the Senate on the administration railroad bill, after criticism of the support of the bill in trying to put the measure through without amendment, elicited from Senator Aldrich an admission that the bill had been amended.

This statement was made during the second day of Senator Cummins' speech attacking the bill, but not until after the friends of the measure had been accused of trying to hide behind the President and behind the fact that the bill had been drafted at his direction.

For more than two hours the President figured in the discussion and for a time, his title, if not his name, was bandied about with a freedom that amounted to recklessness. In this portion of the debate Senators Aldrich, Bailey, Cummins, Root, Elkins and Bacon figured conspicuously.

Senator Cummins contended that the provision in the bill referring to traffic agreements would render them null and void without their submission to the Interstate Commerce Commission. He asserted there had been conspicuous silence in the committee on this subject.

Thereupon Mr. Crawford turned to Senator Aldrich, who is a member of the Committee on Interstate Commerce, and questioned him on his interpretation of the meaning of the provision.

BAILEY BREAKS IN.

The whole truth," interrupted Mr. Bailey before Mr. Aldrich could reply, "is that the intention of the provision for the repeal of the anti-trust law is to reverse the Supreme Court of the United States. The purpose is to take the railroad from under the Supreme Court."

Mr. Aldrich denied the intimation of the Texas Senator and from this colloquy arose a general discussion as to whether it had been the original intention to include the railroad in the Sherman anti-trust bill. During this discussion Mr. Aldrich said that no Senator who had voted for the Sherman anti-trust law had the slightest idea that the railroad were embraced within its terms.

"But all the same you are now trying to take them out of it," reiterated Mr. Bailey.

"I beg pardon," responded Mr. Aldrich, "but that is not true. The Senator from Texas is mistaken as to the purpose of the proposed law, as is the Senator from Iowa."

CUMMINS INFALLIBLE.

Mr. Cummins would not admit that he could be mistaken, for he declared the purpose of the law was written broadly on its face. There could be no doubt that it repealed the law on traffic agreements, he said.

Senator Elkins undertook to refute this contention by reading the provision regarding the agreements, and in so doing broadly asserted that every one must know the railroad violated the law every day. This assertion was challenged by several Senators, but the West Virginian held to his position and asked:

"Now why embarrass the railroad?"

"True, true," responded Mr. Cummins, half under his breath.

Mr. Elkins contended that even though agreements were authorized by the pending bill the commission still would have control of rates and even more comprehensive control than under the present law.

"It is not the agreement that is powerful," he said, "but the rates themselves, and so long as the commission controls the rates it is in command of the situation."

MUST HAVE APPROVAL.

Mr. Aldrich referred to a supposed alliance between the "insurgent" Republicans and the Democrats, and then after a brief protest from Mr. Cummins over his method of presenting the matter, the Rhode Island Senator declared it to be his opinion that no schedule of the roads, whether under agreement or not, could go into effect without the approval of the commission.

"If that is not made clear in the bill, I am perfectly willing to have it made so," said Mr. Aldrich.

Responding to this statement, Mr. Cummins declared the only way to remedy the defect was to withdraw the repealing provision. To this suggestion and others, Mr. Aldrich responded that he had found himself in such disagreement with Mr. Cummins that it had been impossible in committee to go into discussion with him over the provisions of the bill.

The Iowa replied that he never had made a single suggestion for an amendment in committee, and that Mr. Aldrich had heard none from him. Consequently, he was quite unable to understand why Mr. Aldrich had made the statement.

In this connection, the President's name was brought into the discussion. Mr. Cummins still was discussing the term of the alleged anti-trust repeal, and referring to some of the provisions, when Mr. Aldrich stated that "such was the purpose of the President and the Attorney-General."

NELSON GETS EXCITED.

Two statements by Nelson Nelson to his feet with strenuous protest.

"The Senator must not hide behind the President," he said, excitedly. "That is small business and it won't do. It is not the way to legislate."

Mr. Aldrich also was somewhat excited when he replied. He discovered any intention of taking refuge behind any one.

"It is not my habit," he said, "to hide behind the President, or any one else. I have opposed the President when it took a good deal of courage to do so. If the bill does not carry out the purpose of its authors, let's make it do it. The measure has been recommended by the President, and by at least one ex-President and it was approved by the platform of my party, and I presume also the party of the Senator from Iowa."

NEEDS NO DEFINITION.

Mr. Bailey suggested the real purpose of Mr. Aldrich in coming into the discussion today had been to call attention to the fact that Mr. Cummins was not in harmony with the administration.

"It didn't need any such effort," declared Mr. Aldrich, while the Iowa Senator asserted that his attitude was perfectly well known.

Here Mr. Bailey called attention to the provision of the constitution requiring the President to recommend legislation, and he contended the President's action on the pending bill had been in accordance with this provision.

Mr. Bacon took issue with the New York Senator, declaring the recommendation of legislation to be a different thing from undertaking to control the action of Congress.

When Mr. Cummins resumed, he read from President Taft's speech of acceptance, and from his speech at Des Moines, the statement that the interstate commerce laws should be amended as to permit railroads to make traffic agreements if approved by the Interstate Commerce Commission.

In one of these speeches, the President said in the application of the Sherman anti-trust law to such traffic agreements would be abolished.

"The Rhode Island," commented Mr. Cummins, "to escape the odium which attaches to reporting a repeal of the anti-trust law, it is intended that the bill should relieve railroad corporations from the application of the anti-trust law."

Mr. Cummins will continue his speech tomorrow.

NAVAL HEROES HONORED.

(ASSOCIATED PRESS DAY REPORT.)

WASHINGTON, March 16.—The Secretary of the Navy has expressed his personal appreciation of the "prompt action and cool judgment" displayed by P. C. Mulligan, chief machinist's mate, and by P. A. Ausserer, chief boat-swain's mate, of the destroyer Hopkins, at the time of the boiler accident on that vessel, February 1, last.

He also has heartily commended L. S. Salmon, machinist's mate, for "heroism" on the same occasion.

It was reported that Salmon, at great risk to himself, assisted in getting the port blower started and thereby quickly cleared the fire room of steam.

BODY TAKEN TO BRAZIL.

Remains of Late Ambassador Nabuco Removed from Vault for Transportation to Rio Janeiro.

(ASSOCIATED PRESS DAY REPORT.)

WASHINGTON, March 16.—With full military and naval honors, the casket containing the body of the late Brazilian Ambassador, Senor Nabuco, was removed today from the vault in Oak Hill Cemetery in this city, where it had reposed since his death, and placed aboard the President's yacht Mayflower, to be taken to Brazil.

There were no religious ceremonies, as elaborate services had been held at the time of the funeral. The departure was represented by Chandler Hale, Third Assistant Secretary of State, while the diplomatic body was

PECULIAR WILL PROVISION.

(ASSOCIATED PRESS DAY REPORT.)

PEORIA (Ill.) March 16.—Among the many peculiar provisions of the will of the late Gen. John Greene Balance, who died at Miami, Fla., about a month ago, was one giving his body to the Peoria Medical Society for dissection. Today the medical society declined to accept the tender and the body will be interred.

ONE WOMAN REGISTERS.

(ASSOCIATED PRESS DAY REPORT.)

CHICAGO, March 16.—Dr. Sarah Janison-Lang was the only woman in Chicago to register yesterday. "I wish to register," declared Dr. Janison, as she entered the registration booth. "But you cannot vote, Madame," cried the judges in chorus. "You can vote for Aldrich or for the local option question." "That doesn't matter," was the reply. "I wish to have my name placed on the poll list." The judges were informed by officials of the Election Commission that Dr. Janison was entitled to register, although her ballot would be accepted only at the election of trustees of the State universities. Accordingly, she was sworn.

COUNTRY BUILDING VICTIM.

(ASSOCIATED PRESS DAY REPORT.)

CHICAGO, March 16.—Frank Simon, the last of sixteen employees in the old County Building to become infected with tuberculosis, died in Denver, and the body will arrive in Chicago today. Mr. Simon, who was 46 years old, became a teller in the County Treasurer's office with fifteen others. All the tellers contracted pulmonary disease, and one by one, they have died. Their deaths were due to the same cause, and that the sanitary conditions in the old County Building were responsible for their sickness was

IT'S TO FREE PHILIPPINES.

(ASSOCIATED PRESS DAY REPORT.)

WASHINGTON, March 16.—A petition praying for the independence of the Philippine Islands was presented to the Senate today by Senator Crane. It is signed by about 100 prominent citizens of the United States, headed by Alton B. Parker of New York.

The signatures include twenty prominent educators, among them David Starr Jordan, president of Leland Stanford University. The petition was referred to the Committee on the Philippines, where it will sleep peacefully with a large number of other petitions filed with the same object in view, but signed by less conspicuous persons.

QUORUM ALWAYS.

(ASSOCIATED PRESS DAY REPORT.)

WASHINGTON, March 16.—The combination between House Democrats and Republican "insurgents" last evening, in striking from the Legislative, Executive and Judicial Appropriations bill the appropriation for the maintenance of automobiles for the Vice-President and Speaker today, resulted in a plan by the majority not again to be haunted by a short vote. As soon as the journal had been read today, Representative DeLoach and Representative publican "whip" called attention to the absence of a quorum, and a call of the House was ordered. It is intended to keep a Republican majority in the House hereafter until the close of the session.

WASHINGTON BRIEFS.

Hobson's Bill Reported.

WASHINGTON, March 16.—The House Committee on Naval Affairs yesterday reported favorably the bill introduced by Mr. Hobson of Alabama, providing a penalty for the exclusion of soldiers or sailors from hotels, restaurants, theaters, dance halls or other public places.

VESSEL'S FATE IS CERTAIN.

(ASSOCIATED PRESS NIGHT REPORT.)

Parts of Dutch Liner Picked Up in Sea Off Coast of France.

AMSTERDAM, March 16.—The first traces of the Dutch liner Prins Willem II, since she was reported as missing, were picked up at sea near Belle Isle, off the coast of France, today, and leave no doubt regarding the fate of the vessel. A life buoy and a boat's oar, both bearing the ship's name, were found floating near Belle Isle. Subsequently a propeller blade and a nameplate evidently belonging to the main steamer were washed ashore, on a Mayflower, to be taken to Brazil.

The Prins Willem II sailed from Amsterdam for West Indian ports and the New Yorks, and her disappearance time ago was given up as lost. The crew and passengers numbered fifty-two.

SPORTING NEWS, LOCAL AND TELEGRAPHIC.

TO A FINISH IS THIS BOUT.

Langford Expected to Win by a Knockout.

Flynn's Backers Wager on Staying Powers.

Preliminaries Should Be Good Battles.

After days of expectancy and nights spent in figuring up the "dope," the fight bugs are to have a chance this afternoon to see the merits of Jim Flynn and Sam Langford tested in a fight that is scheduled to go forty-five rounds at the Vernon arena. No one believes it will continue for one-half that number of rounds, but the route is sufficiently long to give the best man all the needed chance to win.

There has never been a fight in this city that has attracted more attention than the one on today, owing to the diversity of opinion that exists as to the winner in their previous battles. Two of the three newspapers to which the bugs have the decision of all local fights, decided that Flynn won by a large margin and as Langford was such a classy fighter a return match was immediately arranged.

It was given out after the other fight that Langford had not trained properly and had held Flynn too cheaply for a rough-house contest, but this time he has been working and promises to get into the ring in as good condition as at any time in his career.

The fact that he is good has aroused an unusual amount of attention concerning the boxing arena. The crowd of spectators is assured. The Burns-O'Brien fight did not cause any more talk than this one, and all kinds of money have been offered at odds of 2 to 1 that the negro will stop Flynn.

One report has received more than \$100 to bet at even money that Flynn does not last fifteen rounds and some money was bet that he would not remain twenty-five rounds. These wagers show the unusual amount of feeling that has been stirred up over the scrap and thousands of dollars will probably be bet today.

HE'S NOT AFRAID.

Flynn is one of the few white men in the country who care to tackle Langford and he has put himself in his usual good condition for today's performance. He has trained about three weeks and has been in the same manner and if he loses he will have no excuses, unless he should suddenly become ill this morning. He is credited with the statement that he is confident of his ability to win, but few will believe this for he is too fine a specimen of a light heavyweight to be under 175 pounds. He seems to be of muscle and strength and certainly appears to be ready for the battle of his life.

Both men did their final preparation yesterday, but there was nothing very strenuous attempted. Flynn boxed with Lew Flynn, his brother, and a few others at Doyle's training camp at Vernon, before a large crowd of bugs, and looked to be ready.

Langford has overlooked nothing in his work at Arcadia, for he must win this bout decisively to prove he is not a flake. He weighs about 180 pounds, and those who have seen him in action have an idea that he is nothing but a bundle of muscle and when he says he is ready it means that he is.

Sam thinks he will have Flynn on the floor for the count before fifteen rounds, and he will if he can, for the longer Flynn stays on his feet the more chance there is for Langford to be hurt by a wild blow.

Everything is in readiness for the battle, which is scheduled to start about 3 o'clock. Arrangements have been made to take moving pictures, so those who cannot be there this afternoon will have an opportunity of seeing the fight later on.

FLYNN'S CHANCE.

The battle is of real national importance, for if Flynn can beat Langford he will be in line to meet almost any other pug in the country, for Langford has no one but Joe Jeffries, Boston very much stirred up over the thing, and is willing to bet all kinds of money that the black will win, and the sports element in many other cities take the same view of the matter, for Langford has a national reputation, and in addition is heavy-weight champion of England by his defeat of Hague.

What he does today will decide in great measure his boxing future. If he wins in Philadelphia, and when he is willing to bet his own money on himself it indicates that he is confident that he can win and win easily. The big sale of seats has shown that the fight bugs are anxious to see him at his best, and they believe he will be that way today.

The supporting card of preliminaries is better than can be seen in any ordinary fight program, for Young Kenny and Al Rogers are scheduled to go six rounds and Frankie Sullivan and Kid Cleveland for ten rounds. Kenny is a protégé of Joe Woodman, manager of Langford, and Joe says he is a boy of much promise. We shall see today just what he can do with Rogers, who is a strong, aggressive fighter.

The Frankie Sullivan-Kid Cleveland bout promises something good in the way of boxing and aggressive work, for both boys are in the center of the ring and doing business. Sullivan is a classy little fellow, and Cleveland has shown a number of times that he is a good one. Even if the main event should not last very long, the preliminaries should pay the bugs for their trouble in flocking to the arena this afternoon.

AUSTIN IN MAIN EVENT.

JIMMY MAKES FRIENDS.

[BY DIRECT WIRE TO THE TIMES.]

PORTLAND (Or.) March 16.—[Exclusive Dispatch.] Jimmy Austin, a curly-headed 115-pound boxer from Los Angeles, is to be one of the prize bouts in a ten-round boxing contest before the Rose City Athletic Club here next Monday night. "Needles" Carroll is to be his opponent. The fight between these two youngsters is to be one of two main events, the other being a ten-round contest between Joe Carroll and Frankie Edwards.

Those who have seen Austin work at the Rose City private gym on Third and Pine streets tout him as the fastest little fellow who has donned the white gloves this side of the woods.

RUSH FOR FIGHT TAGS.
SPECULATORS GET BUSY.
(BY DIRECT WIRE TO THE TIMES.)

PITTSBURGH, March 16.—[Exclusive Dispatch.] Tickets for the Jeffries-Johnson fight, July 4, at San Francisco, reached Pittsburgh today and there was a rush for them. The wily Pittsburghers figured that there might be speculation later and there were more than 500, possibly 1000, of the 30 seats sold.

It has been settled behind club doors in almost every exclusive club of Pittsburgh that there will be a good representation of the clubs at the fight. At lunch on the Pittsburgh Club this afternoon, it was told that fight tickets had reached Pittsburgh and there was something like a stampede. From present indications the way of the ticket speculation is to be rough when fight time draws near.

Johnson Selects Oceanview.

CHICAGO, March 16.—Jack Johnson, the heavyweight champion, will establish his training camp at Oceanview, near San Francisco, while preparing for his encounter with James J. Jeffries on July 4. This is the announcement made yesterday by the negro champion after nearly every spot on the Pacific Coast has made some kind of offer to have him pick the "one night" at the place to do his training when he arrives in California about the middle of May. Johnson started to keep down flesh. This will be his daily task from now until he takes up the real grind at Oceanview.

Ketchel Starts Training.

PITTSBURGH, March 16.—Stanley Ketchel arrived here from Hamilton tonight for his fight with Frank Klaus, scheduled for Wednesday night. Ketchel said he was never stronger in his life. He weighs 167 pounds, but says he will make the required 160 before the battle. He will meet Jimmy Howard, an undefeated southern middleweight, at Memphis, April 2.

Creely Beats Ferguson.

NEW YORK, March 16.—[Exclusive Dispatch.] Jack Creely went up in great measure in his boxing fight with Ketchel in Philadelphia, and when he is willing to bet his own money on himself it indicates that he is confident that he can win and win easily. The big sale of seats has shown that the fight bugs are anxious to see him at his best, and they believe he will be that way today.

SMITH IN FORM.

BAKERSFIELD SHUT OUT.
(ASSOCIATED PRESS NIGHT REPORT.)

BAKERSFIELD (Cal.) March 16.—With Smith in the box, the White Sox No. 1 team defeated Bakersfield today, 3 to 0. Chicago scored in the fifth, eighth and ninth, aided mainly by errors, although the White Sox players ran base poorly. Bakersfield played below its form. Score: Chicago, 3; hits, 10; errors, 1. Bakersfield, 0; hits, 6; errors, 4. Batteries—Smith and Block; Hall, Dow and Hoff.

Umpires for State League.

SAN FRANCISCO, March 16.—President Frank Herman of the State Baseball League announced tonight that the umpires who would officiate in the league during the coming season are Jimmy Toman, Charley Irwin and G. Hayes.

WOMEN'S INDOOR TENNIS.

Mrs. F. G. Schmitt Wins National Single Championship—Doubles Matches Fought Out.
(ASSOCIATED PRESS NIGHT REPORT.)

NEW YORK, March 16.—Mrs. F. G. Schmitt, an English woman, won the title in the women's national indoor lawn tennis singles today on the courts of the Seventh Regiment Armory, defeating Miss Erna Marcus in the final, 4-6, 6-3.

Miss Marie Wagner held the title in 1908 and 1909.

STANTON HOPES TO WIN BIG CONFERENCE MEET.

Sloane to Run Quarter and Relay and Complete in Broad Jump—Spurgeon Also to Drop Sprints and Try Quarter—Sturges Speaks Coast Record in Two-Mile.

[SPECIAL CORRESPONDENCE OF THE TIMES.]
CLAREMONT, March 16.—With the hope of winning the conference four-cornered track meet the Pomona track team is being sent through grilling work in a desperate effort to get in shape to retrieve its honors.

Claremont supporters are basing their hopes for a good showing on the expectation that Fred Thomson of Occidental will cut heavily into the U.S.C. marks without affecting to any extent the Pomona team's chances.

Harry Sloane, who before last Saturday's meet with U.S.C., was considered one of the greatest point-to-point runners in the country, is expected to do during the week in the broad jump, which he abandoned earlier in the year in hope to better his chances in the mile in an effort to take first from the latter leg into first-class condition by Saturday.

One of the good men on the team may be Bobby Spurgeon, freshman sprinter who has been named as one of the best on the track. Spurgeon failed absolutely to show any particular ability in the dashes against U.S.C. being beaten at 220 yards by Haskins, another Pomona freshman. As a result Coach Stanton is thinking seriously of taking Spurgeon out of the dash altogether and running him in the quarter-mile and half-mile events.

Unless the latter leg is used all in the relay.

Barnes, who defeated Richardson of U.S.C. in the hammer throw last Saturday, is planning to do the biggest week of track work that he ever put in the field. He is expected to win the event from Fred Thomson and crowd the Methodists, who are hoped to be credited their victory in the pole vault, but has little hope of equalling Richardson over the bar, unless the latter has a bad day.

Coach Stanton will give most of his attention during the week to the distance and relay men, the hopes of sweeping the field clear in the distance. Fisher is to be sent hard in the mile in an effort to take first from Hall of U.S.C. and the Pomona coach expects to take all three places in the two events. Barnes is expected to make a final effort of the season to break the coast record in the event. With a favorable day his chances are good, as he has already run within a second of the mark this season.

CONFERENCE DOPE.

ROOTERS READY TO RIDE.

Track athletes at Bovard Field and Baer Park are to put in their last regular training workouts this afternoon at their respective camps in preparation for the annual conference meet to be held Saturday at Claremont.

A special train for the rooters is to leave the Santa Fe station at 8:35 o'clock Saturday morning for sagebrush town, and it is expected more than 700 students will accompany the teams. U.S.C. is planning to send 500 enthusiasts, while the Tigers will be represented by at least 200 rooters. Whittier is also to send a bunch of fans.

Cromwell is satisfied with the condition of his men, and is optimistic of victory. The U.S.C. dopesters are crediting their victory in the mile to about fifty-three points, which would give the Methodists a victory by more than twenty points. Pete Richardson vaulted over twelve feet yesterday, and is hurling the hammer close to 130 feet.

Trotter is working out nicely with the shot, and with severe competition is almost sure to break his record, held jointly with Thomson. It is expected that Trotter will be a permanent fixture in the Pomona team.

CLEARY SEEKS AID.

Manager of Paulhan Applies for Injunction Restraining French Aviator.

[ASSOCIATED PRESS NIGHT REPORT.]

NEW YORK, March 16.—Arguments on the application of Edgley Cleary, business manager of Louis Paulhan, the French aviator for a permanent injunction restraining Paulhan from

taking his four aeroplanes out of the country, were heard today before Supreme Court Justice Newburger.

Frederick H. Van Zandt, Cleary's attorney, asserted that by the terms of Cleary's contract with Paulhan, the aviator was to receive a salary of \$24,000 a month for giving aeroplanes exhibitions in this country. Paulhan stopped his flights on account of the injunction obtained by the Wright brothers, restraining him from giving exhibitions.

An arrangement was made whereby the Wright brothers would be reimbursed if they won their suit, but despite this fact, Paulhan, after giving two exhibitions at Jamaica, said he was going back to France.

FOOTBALL VICTIM DIES.

DALLAS (Tex.) March 16.—John A. Althart, aged 19, a former student at Simmons College of Abilene, Tex., who was injured in a football game October 8, died today of concussion of the brain.

SEATTLE MURDERER IN MEXICO.

SEATTLE (Wash.) March 16.—Joseph Plad, alias John Payand, charged with killing his sweetheart, Miss Lada Nichola, aged 17, at her home in this city October 24, 1908, has been arrested in the City of Mexico, in the outskirts of which city he was living with his wife and baby girl. A warrant has been issued for his arrest. Cleary's attorney, Van Zandt, said he was going back to France.

ANOTHER PARISIAN ARRESTED.

PARIS, March 16.—M. Pottel, formerly secretary to M. Dues, the embassying government liquidator, was arrested today, charged with the misappropriation of \$5000 in connection with sale of church property.

HEALEY BOWLS INTO RECORDS.

DETROIT EXPERT MAKES FINE SHOWING ON LAST DAY.

Dalke and Wettmann Win Valuable Prize for First Place in Two-Man Event—Tenth Annual Tournament Closes With Remarkable Individual and Team Scores.

[ASSOCIATED PRESS NIGHT REPORT.]

DETROIT (Mich.) March 16.—Albert Dalke and Ed Wettmann of Cincinnati won the \$500 prize for first place in the two-man event of the tenth annual tournament of the American Bowling Congress, which closed here today. Their total of 1231, made on March 6, was good enough to withstand the onslaughts of hundreds of teams during the last ten days of the tournament.

Tom Healey of Detroit was the sensation of the closing day, when he rolled the remarkable score of 705 in the individual event, winning the event and setting a new tournament record. He also won the prize for the best total for nine games, with 1961, which is another new American Bowling record.

Healey's great series came in the afternoon, after practically every one had become reconciled to the almost certain victory of William Richter of Cincinnati, with 692. He opened with 236, and the crowd went wild when he hung up 284 for his second game—a total of 520 for two games. He needed 190 to win, and made assurance doubly sure with 201, giving him a lead of 13 pins over Richter.

The former A.B.C. record in the singles was 695, which was made by Archie Wiegler of Chicago at Cincinnati, in 1908. The former high mark for nine games was 1954, made by R. Crable of East Liverpool, O., in 1903.

Following are the first five prize winners in the two-man event: 1231, Dalke-Wettmann, Cincinnati; 1221, 500; Wood-Legh, Chicago; 1222, 440; Erickson-Jorgens, Oakbrook, Wis.; 1213, 355; Cook-Townsend, Sebring, O.; 1203, 3275; Zimmermann-Campbell, South Bend, Ind.; 1205, 3275.

Following are the five highest totals for the nine games of the tournament, and the prizes: Tom Healey, Detroit, 1961, \$200; William Richter, Cincinnati, 1884, 140; O. Roeder, Kansas City, 1853, 100; G. Grossman, Philadelphia, 1834, 75; Albert Nelson, Chicago, 1834, 60.

SAN ANTONIO (Tex.) March 16.—

[Exclusive Dispatch.] While fishing

for tarpon in the secluded waters of

Annapas Pass Bay, on the south Gulf

Coast of Texas, where August Bel-

mont and his beautiful bride are

spending their honeymoon, the mil-

lionaire New Yorker and his actress

bride today narrowly escaped drown-

ing.

A small boat in which they were

fishing capsized and the Belmonts

were hurled into the waters of the

Gulf. Neither Belmont nor his bride

were seriously injured by the ac-

cident.

Mysteriously disappearing from the

beaten paths of travel, August Bel-

mont two days ago slipped into the

clouds of Annapas Pass Bay. In his

private yacht with his bride, the

former Miss Eleanor Robson, with

him. Together they are spending their

time fishing, duck shooting, strolling

about over the sandy beaches, or in-

spending the big evening work in the

construction of a twenty-five-foot

ship channel that is being dredged

from Annapas Pass to the port of

Annapas Pass within the interconti-

ental waters of the South Texas Coast.

MISS ROBSON GENEROUS.

EXTRA PAY ENVELOPES.

[BY DIRECT WIRE TO THE TIMES.]

NEW YORK, March 16.—[Exclusive

Dispatch.] An act of generosity by

companion-players on the evening she

left "The Dawn of a Tomorrow" com-

pany to become Mrs. August Belmont,

has come to light in the papers. The

star's desire that it should not be

public. When Miss Robson, after

her last performance in the Ma-

jestic Theater in Brooklyn, gathered

her company around her to say "good

night," there were many signs of real

grief. For all had had deeply im-

pressed on their hearts the memory

of her. On the following Mon-

day they were surprised to learn that

she had left for New York. It was

substantial than spoken words. To

each came an envelope containing an

extra two weeks' salary with Miss

Robson's compliments and good

wishes.

Miss Robson's thoughtfulness in-

cluded every one of the twenty-three

players who appeared in Mrs. Fran-

cis Belmont's play, and every other

employee traveling with the

company. From the business man-

ager to the stage mechanics. The total

amount of these gifts exceeded \$3000.

"HER HIGHNESS" UNLUCKY.

Erstwhile Anna Gould Must Go on

Supporting Her ex-Husband's

Father and Mother.

[BY DIRECT WIRE TO THE TIMES.]

PARIS, March 16.—[Exclusive Dis-

patch.] The title of Serene Highness,

which the former Anna Gould bears as

Duchess de Talland, has not brought

her good luck. The title of the tribu-

nal today gave judgment against her

and ordered her to pay a lump sum of 15,000

francs and to continue to pay an an-

nuity of \$5000 to the Marquis and

Marchioness de Castellane, parents of

her first husband, Count Boni, al-

though she was divorced from the

Count in 1904.

The judgment was given against

George J. Gould, a brother of the

Duchess, as receiver of her estate for

the benefit of creditors. The Marquis

and Marchioness brought the original

suit against the Duchess and Count

Boni jointly, and got judgment March

5, but Count Boni is insolvent, so his

parents substituted George J. Gould

in the second suit. It was brought on

the ground that soon after Anna

Gould's marriage to the Count in Feb-

ruary, 1888, a contract was made un-

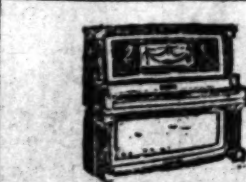

der French law for many of his

debts. The 15,000 francs awarded is

the amount the Count's parents

claimed as due since the last payment

after the divorce.

Piano Economy

ECONOMY in

purchasing a

piano consists

in buying the

best instrument

that can be

made to sell at

the price you

pay. That is

why the KRA-

KAUER is an economical

and thoroughly satisfactory

purchase. Its tone is clear,

sweet, resonant, and of great

depth and brilliancy. And,

what is more, its construction

is so thorough and honest

that it will retain these

qualities as long as you live.

Its tone gains a full rich

mellowness with age.

You buy it at the price

named on the tag, which

represents the actual selling

price of the instrument. No

one pays more than you, as

you pay less. You are as-

PLAYGROUNDS FOR FRESNO.

Protest Against Park Finds Little Favor.

Laundry Mark May Send Man to Penitentiary.

Oil Men Are Satisfied With Office Aspirant.

FRESNO, March 14.—The threatened opposition to the voting of \$30,000 bonds next Saturday for the purchase of children's playgrounds and the site for a convention hall, completely flustered the mass meeting called last night by a property owner to denounce the project, being entirely in favor of the bonds. A strong resolution of endorsement had but one vote against it. With the united support of the school authorities, the municipal officials, the newspapers and the business organizations of the town, the success of the movement is assured. The money secured from the sale of bonds is to be used in the purchase of half a dozen sites upon which optimum were secured some months ago. These have since increased greatly in value because of the boom in real estate. The city is to be placed in the front rank in the matter of public parks.

Larry Fredericks, 17 years old, was struck and painfully injured by a Blackstone avenue car yesterday afternoon while playing ball with several other boys. Fredericks was running after a ball and did not see the car approaching. He ran straight in front of the rapidly moving trolley, the motorman being unable to stop in time to prevent the fender striking him. The boy's leg was broken and he received cuts and bruises that will keep him in the hospital for some time.

DEPEND ON LAUNDRY MARK.
A soldering iron and a handkerchief with an almost indecipherable laundry mark are the exhibits which are expected to send George Clark to the penitentiary for life. Clark has a prior charge against him for robbery and is now being tried for a bloody assault upon an old man at Coalinga. In January, in which it is claimed he struck his victim with the soldering iron, around which the handkerchief was wrapped. On the small piece of cloth is a laundry mark with only the figures 156 legible. It has been proved that Clark's mark, when he lived in Bakersfield some time ago, was 156, and this circumstance is counted upon to convict him.

The Fresno county supervisors and prominent citizens of the Coalinga oil district have under consideration the proposition of bonding the district for the purpose of laying out a system of roads that will bear the especially heavy traffic of that part of the county. As it is, the oil fields territory is more than a mere waste of the road money, but the hauling of immense machinery over the roads is so hard on them that highways must be constructed that will resist the wear and tear.

OIL MEN SATISFIED.
Special interest attaches this year to the gubernatorial contest in the oil section of the county. The oil men have tried for several elections now to elect a member of the board, but without success. For a while this year, Assemblyman James H. Coalinga, who had been a candidate, but has withdrawn, leaving the present incumbent, Thomas Martin, in charge. While he is not a resident of Coalinga, and was opposed by the oil men at the last election, it is said now that they are satisfied with the treatment he has given them, and will support him. J. F. Turner, for a number of years assistant superintendent of the northern division of the Pacific Electric railroads of Los Angeles, has just assumed charge of the Fresno Traction Company, to succeed C. B. Jackson, resigned. Mr. Turner has been in Fresno for a week, familiarizing himself with the duties of his new position. Mr. Jackson leaves the Traction company to devote his energies to the raising of oranges, having purchased several large ranches near Lindsay. His last work in the oil field was the double tracking of the Blackstone avenue line, work which was completed Saturday. It is understood that Mr. Turner will complete the program, beginning the work of double-tracking Fortcamp and Fresno avenue lines and the J. street line.

BANK FOR OIL FIELD.
BAKERSFIELD, March 14.—Lloyd L. Elliott, of Los Angeles, president of a bank here and also head of a banking institution in Los Angeles, announced tonight that he will open a branch of the Oil and Metals Bank at Taft in the oil field, forty miles out of this place. He purchased ground and ordered building material today.

LETTERS TO THE TIMES.
(The Times freely publishes the views of correspondents without responsibility for the opinions expressed. The space of 50 words, on the average, is sufficient for the point. Letters are liable to be clipped merely on account of their length.)

The Smoking Nuisance.
COLTON, March 14.—(To the Editor of The Times): So much is being written about smoking on the front of the trolley cars in Los Angeles, please permit an occasional visitor to say a word. On the 4th inst. I left my daughter's residence on Abbot avenue at 7 a. m. en route to Arcadia depot. On the front seat on the left sat an officer in uniform. On the rear seat on the right sat a man smoking a pipe. At each stop the smoke from this pipe enveloped the head of the city's guardian, yet he paid no attention. Later on, a young specimen of the genus homo boarded the car smoking a cigarette and a blessing of a gentleman—but it was a "swine" puffing a black cigar that would sicken a Chinaman. The conductor told me he had no authority to interfere. What a farce your ordinances are!

WARSHIPS OF DOUBLE SIZE.
LONDON, March 14.—The battleships of the future may be 50 per cent. larger than the present Dreadnought. This is the prediction of Rear-Admiral Bacon, commander of the original Dreadnought, who addressed the Institute of Naval Architects today. The size of the ships and the power of their guns must increase until actual war confirms or qualifies the present theory of naval construction.

Try Murine Eye Remedy.
For Red, Watery, Itchy, Swollen, Stinging Eyes. Mrs. M. J. Brown, 1000 Broadway, New York, writes: "I have used Murine Eye Remedy and it has cured my eyes."

EVENTS IN LOCAL SOCIETY.

AT a degree will be the large dancing party to be given this evening by Mr. and Mrs. Edward L. Doherty of No. 1 Chester Place in celebration of the opening of their beautiful new ballroom on the third floor. The decorations will be suggestive of St. Patrick's Day. A feature will be the kissing by the 150 guests of a huge "harney stone." Programmes for the ladies will be hand-decorated with Irish washwomen caricatures, while those for the men will be adorned with Irish hod carriers, small brooms and miniature hods will be given as favors. Assisting in receiving will be Mr. and Mrs. Walter Perry Story, Mr. and Mrs. J. T. Fitzgerald, Mr. and Mrs. John Bannister, Mr. and Mrs. George Martyn, Mr. and Mrs. J. Cranston Anderson, Mr. and Mrs. John Milner, Mr. and Mrs. George Goldsmith, Miss Clara Leonard, Miss Caroline Canfield and Miss Mercedes de Luna.

House Guest.
Mrs. Charles W. Chase of No. 1919 West Seventh street is entertaining Mr. Charles's sister, Mrs. James Wolcott of Rochester, N. Y. Mrs. Wolcott will remain two months.

To Leave Saturday.
The money secured from the sale of bonds is to be used in the purchase of half a dozen sites upon which optimum were secured some months ago. These have since increased greatly in value because of the boom in real estate. The city is to be placed in the front rank in the matter of public parks.

Irish Mist and Sunshine.
Soft mist on Irish mountain. Bright sun on field and dell. Swift notes of joy or sorrow. In Celtic hearts that swell. Green glen and haunted woodland. Loved homes by laughing streams. From faith and matches manhood. Lo! these my varied themes.

Round tower and ivied abbey.
Low whispering of the past. Around the holy pathway. Their dreamful shadows cast. Wild wind-blows sighing voiceless. Far o'er the moorland lone. Brought throbbing fairy music. To thrill with mystic tone.

Gray mist and flashing sunshine.
That flock the gull-land brown. High dead and cloudy legend. Of Erin's old renown. The saint's and martyr's yearnings. The patriot's rhapsodies. With timorous touch uncertain. I strike the harp to these.

Fair land of Mist and Sunshine.
The distant exile thrills. In dream of home and kindred. To see the holy hills. Should song of mine flow clearer. Old scenes and skies of blue. Old hopes that crown life dearer. I hold my trust made true.

At Leighton.
Col. W. B. McCord of Minneapolis, brother of Mrs. Thomas N. Newell, Mrs. J. M. King and J. H. McCord of this city, is a guest at Hotel Leighton.

Theater Party.
Miss Alice Torrey was hostess at a matinee party given at the Burbank to see "Sweet Kitty Bellairs." Miss Eliza Sprosser, who is touring the West with her parents, Mr. and Mrs. W. D. Sprosser, was present as special guest. A collation was later served at Christopher's, and the table glowed with lavender blossoms. The guests were Miss Evelyn Ayres, Miss Ida Colom, Miss Elizabeth Hookstratten, Miss Lillian Kelo, Miss Leone Morrissey, Miss Lillian Smith, Miss Katherine Schleuter, Miss May Schleuter, Mrs. McCawley, Mrs. T. V. Watterson and Mrs. A. M. Torrey.

Visitors Honored.
Mr. and Mrs. Thomas N. Newell were host and hostess at an informal dinner party given at their home, No. 284 Mariposa street. The evening was planned as a courtesy to Mr. and Mrs. William Finlon of Chicago. Finlon were laid for Mrs. Mary Wilson, Mr. and Mrs. Edsell, Mr. and Mrs. D. B. Lyons, Mr. and Mrs. John P. Newell, Miss Nell King, Mr. and Mrs. Finlon and Mr. and Mrs. Newell. Red carnations and red-shaded candlesticks were combined in decorating.

Into New Home.
Mrs. Charles Neil of Brantford, Ont., who has been enjoying a delightful visit with her sister, Mrs. Helen G. Teed of this city, who is now domiciled in her own home at Oneonta Park, was the guest of honor at a thimble party. The hostess was Mrs. Thomas E. Bell of Council street. In receiving Mrs. Neil were assisted by Mrs. Neil and Miss Mary Red and white carnations were utilized in an attractive scheme. Young women assisting in the dining-room were Mrs. Helen Teed, Miss Margaret Knighten, Miss Mamie Drake and Miss Ella Simmons.

Returns Home.
R. Blaine Phillips, who has been enjoying the past week in this city, has returned to his home in Oakland.

Automobile Jaunt.
Mrs. C. C. Stanley Tolley gave an automobile jaunt, complimentary to Mr. and Mrs. F. H. Macpherson of Detroit, Mich. Dinner followed at the Hotel Alexandria.

This Evening.
Members of the Ladies' Aid Society of the Immanuel Presbyterian Church will entertain with a reception this evening as a farewell to Dr. and Mrs. Hugh E. Walker, who will leave soon for a tour of the world.

To Tour the Orient.
Mrs. W. H. Harrison, wife of Postmaster W. H. Harrison, together with Mr. and Mrs. Robert S. Nelson, P. A. Garvie, Mrs. E. F. Underhill, Alexander Rosa, Miss Alahide M. Binkley, and others, will leave for the Orient.

50 Per Cent of the Population of the U. S.
live in rural districts remote from physicians or drug stores, and they are obliged to depend upon proprietary medicines to a very great extent. To the women in these homes such standard remedies as Lydia E. Pinkham's Vegetable Compound come as a boon and a blessing. Records show that it has cured more women of those dread feminine ills than any other remedy.

Afternoon Tea
SERVED from 3 to 5 o'clock, either a la carte, or table d'hôte, with four special menus, from which choice can be made. Arrangements for parties a special feature. The full concert programme, just as at night, is given at these teas, which table d'hôte are served at.

Fifty Cents
The patronage of ladies is especially our care, and every arrangement for their comfort is made.

Levy's Cafe

Miss Elmina McMillan and William McGladden will leave on the "Owl" Friday for a four months' tour to Japan, China and the Philippines, under the auspices of the Steamship department of the German-American Savings Bank. They will return to Los Angeles June 16.

Wine Bride in Oregon.
Miss Jeanne D. Clarke, daughter of Mrs. Catherine Clarke of Glendale, Or., was married there at the home of the bride's mother to Ward I. Heller of Los Angeles last night. The ceremony was performed by Rev. J. K. Howard, pastor of the Olivet Presbyterian Church of that city in the presence of immediate relatives only.

The groom is interested in the Bartlett Music Company, which will bring his bride here at once. They will be at home at No. 421 Dalton avenue after April 1.

A Number of Visitors.
Among those who have come to Los Angeles to escape the pathway rains of the East are Mr. and Mrs. Thomas Catlow and daughter, Henrietta, of Evanston, Ill. Mrs. Catlow is prominent in Evanston society circles. Mr. Catlow, who is connected with the Chicago and Northwestern Railroad, is well known among railroad men. They are the guests of Mr. and Mrs. Frank N. Anderson of No. 1802 Maubert avenue.

Soft mist on Irish mountain.
Bright sun on field and dell. Swift notes of joy or sorrow. In Celtic hearts that swell. Green glen and haunted woodland. Loved homes by laughing streams. From faith and matches manhood. Lo! these my varied themes.

Round tower and ivied abbey.
Low whispering of the past. Around the holy pathway. Their dreamful shadows cast. Wild wind-blows sighing voiceless. Far o'er the moorland lone. Brought throbbing fairy music. To thrill with mystic tone.

Gray mist and flashing sunshine.
That flock the gull-land brown. High dead and cloudy legend. Of Erin's old renown. The saint's and martyr's yearnings. The patriot's rhapsodies. With timorous touch uncertain. I strike the harp to these.

Fair land of Mist and Sunshine.
The distant exile thrills. In dream of home and kindred. To see the holy hills. Should song of mine flow clearer. Old scenes and skies of blue. Old hopes that crown life dearer. I hold my trust made true.

At Leighton.
Col. W. B. McCord of Minneapolis, brother of Mrs. Thomas N. Newell, Mrs. J. M. King and J. H. McCord of this city, is a guest at Hotel Leighton.

Theater Party.
Miss Alice Torrey was hostess at a matinee party given at the Burbank to see "Sweet Kitty Bellairs." Miss Eliza Sprosser, who is touring the West with her parents, Mr. and Mrs. W. D. Sprosser, was present as special guest. A collation was later served at Christopher's, and the table glowed with lavender blossoms. The guests were Miss Evelyn Ayres, Miss Ida Colom, Miss Elizabeth Hookstratten, Miss Lillian Kelo, Miss Leone Morrissey, Miss Lillian Smith, Miss Katherine Schleuter, Miss May Schleuter, Mrs. McCawley, Mrs. T. V. Watterson and Mrs. A. M. Torrey.

Visitors Honored.
Mr. and Mrs. Thomas N. Newell were host and hostess at an informal dinner party given at their home, No. 284 Mariposa street. The evening was planned as a courtesy to Mr. and Mrs. William Finlon of Chicago. Finlon were laid for Mrs. Mary Wilson, Mr. and Mrs. Edsell, Mr. and Mrs. D. B. Lyons, Mr. and Mrs. John P. Newell, Miss Nell King, Mr. and Mrs. Finlon and Mr. and Mrs. Newell. Red carnations and red-shaded candlesticks were combined in decorating.

Into New Home.
Mrs. Charles Neil of Brantford, Ont., who has been enjoying a delightful visit with her sister, Mrs. Helen G. Teed of this city, who is now domiciled in her own home at Oneonta Park, was the guest of honor at a thimble party. The hostess was Mrs. Thomas E. Bell of Council street. In receiving Mrs. Neil were assisted by Mrs. Neil and Miss Mary Red and white carnations were utilized in an attractive scheme. Young women assisting in the dining-room were Mrs. Helen Teed, Miss Margaret Knighten, Miss Mamie Drake and Miss Ella Simmons.

Returns Home.
R. Blaine Phillips, who has been enjoying the past week in this city, has returned to his home in Oakland.

Automobile Jaunt.
Mrs. C. C. Stanley Tolley gave an automobile jaunt, complimentary to Mr. and Mrs. F. H. Macpherson of Detroit, Mich. Dinner followed at the Hotel Alexandria.

This Evening.
Members of the Ladies' Aid Society of the Immanuel Presbyterian Church will entertain with a reception this evening as a farewell to Dr. and Mrs. Hugh E. Walker, who will leave soon for a tour of the world.

To Tour the Orient.
Mrs. W. H. Harrison, wife of Postmaster W. H. Harrison, together with Mr. and Mrs. Robert S. Nelson, P. A. Garvie, Mrs. E. F. Underhill, Alexander Rosa, Miss Alahide M. Binkley, and others, will leave for the Orient.

50 Per Cent of the Population of the U. S.
live in rural districts remote from physicians or drug stores, and they are obliged to depend upon proprietary medicines to a very great extent. To the women in these homes such standard remedies as Lydia E. Pinkham's Vegetable Compound come as a boon and a blessing. Records show that it has cured more women of those dread feminine ills than any other remedy.

Afternoon Tea
SERVED from 3 to 5 o'clock, either a la carte, or table d'hôte, with four special menus, from which choice can be made. Arrangements for parties a special feature. The full concert programme, just as at night, is given at these teas, which table d'hôte are served at.

Fifty Cents
The patronage of ladies is especially our care, and every arrangement for their comfort is made.

SECURITY HOME BUILDERS

"The Securities of a City Are Its Homes."

The SECURITY HOME BUILDERS' plan of operation is based on the sound basis of "Pay Cash as We Go." We owe no man a dollar. We shall not run into debt. We shall pay cash for everything we buy—land, building materials, efficient labor and we shall make a clear and legitimate profit upon every transaction. We offer just as much to the home-seeker as any builders offer. We offer much more to the investor than other Home-Builders offer.

The SECURITY HOME BUILDERS cannot lose. Land will not run away. Our assets are insured. Your stock cannot be stolen from you. Should war or panic come it will not find us in debt, but with funds in our treasury, and real estate as our security, which we can take back and resell again when the hard times pass. We operate upon principles as strong and sound as any Savings Bank.

Our enterprise commends itself to three kinds of investors:

I. Those Who Have No Homes and Are Paying Rent.
You can buy a Home of us, new-built to your liking, and on a location of your own selection. You pay us for it as you now pay rent.

II. Those Who Have Homes and a Little Money to Spare.
You can invest in our stock and draw at least 12 per cent. on the cost of your investment, content that you will be able at any time to cash in your stock at all you paid for it—and more.

III. Those Who Haven't Enough to Begin to Buy a Home.
You can buy a few shares of stock, and then later when you are more prosperous, you can turn in that stock as part payment on your Home. Meanwhile it will have earned you 12 per cent. For a brief period, the SECURITY HOME BUILDERS will sell its treasury stock at par. None can buy SECURITY HOME BUILDERS' stock for less. You cannot buy our stock at that price for long. If you come in with us now you will share in our net earnings from the first. Look into this, whether new to you or not. Get our free booklet.

first Call to Breakfast

IRIS

There is a different sound to the breakfast bell when it is ringing for IRIS COFFEE than when it rings for some other coffee that can't be so good.

A little more care in the selection of the coffee bean, in the blending and in the roasting, is what makes "Iris Coffee" the favorite of so many people.

Of Our 400 Brands of Tomatoes Del Monte is the Best Value

We are the world's largest canners of Tomatoes. This year we put up more than a million bushels. These were of varying grades and packed under 400 different labels. Some were for dealers who own their own brands. Many belong to us. But our choice brand, the one under which we pack the selected Tomatoes, using only those that are large, vine ripened and firm is Del Monte. Some few dealers have us put up for them a few of the Del Monte quality. A can of Del Monte Tomatoes is principally solid tomato meat. We drain off all extra water. Most of our other brands, those that must sell on the cry of cheapness, are not so carefully packed and contain a great deal more water.

Del Monte

Canned Fruits and Vegetables
Packed Where They Ripen
The Day They're Picked

You will always be safe if you insist on Del Monte. While we probably put up whatever brand is offered you, you will not be sure of getting our choice unless it is Del Monte. Del Monte carries our name and guarantee. Most dealers can supply you. The price is 12½ cents a can everywhere.

The Choice of all Our Fruits and Vegetables is Packed Under Del Monte Brand

We put up six of every ten cans of Peaches; more Tomatoes than any other five concerns; the largest amount of Sugar Peas; and handle more than six-tenths of all the canned fruits and vegetables grown in California. More than thirty thousand people are on our payroll during the canning season, and thousands of others contribute in various ways to the growing, canning and distribution of our products.

We put up fruits, canned and dried, vegetables, preserves, jams, jellies, catsup, condiments and peeled Chili peppers. All are packed under hundreds of different brands according to quality, and for different dealers who use their own labels. But our choice, the pick of this vast quantity, is packed under the Del Monte label. You get our favorite selections when you get Del Monte. All grocers can supply you.

FACTS, FEATURES AND FANCIES FOR WOMEN

BY OLIVE GRAY.

It is a good idea to adopt a certain color as your own; or if you prefer, to select it for a season. Say violet, which is as attractive at this time of year as the street, there are wide scale diagonals, which are perfect, even up in trim tail styles. Hats in the same tone, may be trimmed in the soft violet shades. For the "violet" wear, there are the soft silks, velvets and chiffons, which come in the very best of these shades; and in evening gowns, nothing can be more dainty than the lavender crepes, with touches of gold or silver, to relieve the color. In home and gloves, these colors are also exquisite. There is a suggestion in the color; and the perfume of violet, heliotrope, or lavender, is extracting. Then, if you are a lady of faith, carry it still further, and furnish your boudoir in violet. I heard of a recent talk on interior decoration, that one would, doubtless, sleep more soundly and derive more refreshment from resting in a room which was furnished in one's favorite color. Embroider your pillow slips in violet, even mark your linens with a single flower of the species; and lace upon the foot of your bed, one of the pretty silk elder quilts, in violet.

Remember Your House.

A whole window full of reed furniture, adorned with that the time is almost at hand when the beach cottage or the bungalow in the mountains will again be claiming its own. There are such pretty shapes in this latter material for summer homes that it is a joy to select. There is not only the crepe, but a number of new weaves in red and wicker; and almost every form of furniture is made in these materials, from the regulation rocking chair and side table to the deck and gardeners' benches.

If you are not so fortunate as to own a country or beach home; you can still make a summer home, right in your present quarters.

I know a lady who has rather an

old-fashioned house; but it is a real home, and let me tell you what she does. Every spring, she transforms it into a country place. She takes up the carpets, and puts down straw matting. She puts away the heavy winter draperies, and the other hangings. Then, selecting a pretty linen or dainty art ticking, she covers the upholstered furniture, with "loose covers." And the porch. It becomes truly a place for outdoor life. There are Japanese shades, all around, which serve the double purpose of screening from view and of shading from the glare of the sun. The most inviting of easy chairs, in red; tables large and small, and the keynote to all, a large swinging seat piled with pillows, which cover away all formality. They are the right pillows for summer, too. There is all the difference. Just as much of a season, in pillows, in fact, as in clothes. The summer pillow must suggest coolness, and leisure, both in material and color. As I was saying, at one end of this delightful porch, the swinging seat is suspended; and at the other, is a hammock. Nothing can take the place of the hammock, for real ease, and to afford rest to all parts of the body. A nice, big hammock, without wooden extenders, or wooden attachments of any sort, just seems to take you in its arms, and soothes you as your mother used to do, when she rocked you in the big rocking chair, as you cried away your troubles. Then, this old-fashioned lady brings into her city-country home, many growing plants, of the sorts which do not rebel at imprisonment. There are ferns and palms and for the corners farthest from the light, the aspidistra. Two many people, here in California, seem to forget the beauties of plants within doors. Perhaps it is because things grow so lavishly out in the open; but according to my notion, almost any plant gains a distinction in being housed, and it also lends distinction to its surroundings.

Old Fashions Are New.

The very newest things in furniture are the oldest in point of style. I saw in a Broadway furniture store, a dresser just such as grandmothers used to have. It even had those funny little hinged boxes near the swinging glass and wooden knobs to the drawers. It was a "bureau" in her language; and the "dresser" was in the kitchen; and held the brightest "common" dishes, and a few of the most aristocratic cooking utensils. Now, this new "grandmother's dresser," of which I am telling you, was a walnut, instead of in butternut, as I

believe hers was. That is one of the little tricks of fashion; if she assumes a style, she varies it just a trifle, but enough to make a noticeable distinction between the new and the old. And, by the way, what a difference there is between the merely old-fashioned, or the out-of-fashion article of garment, and the true antique! This, perhaps, more than anything else, proves the fundamental truth of the maxim that "a thing of beauty is a joy forever."

I sometimes wonder if we pay enough attention to this great fact, in buying things for our homes. When we admire the beautiful antique furniture, and realize that it has formed a part of the lives of several generations, growing more beautiful each year, and that it is just as useful today as when first made, it is borne in upon us that it is worth while to get really good articles. Better to wait, and save and tolerate some bare places in our homes, and finally buy the best. From a merely played point of view, it pays. Then, there is another side. The home should be the expression of the dwellers therein. Nothing has been more inexpressive in our minds, throughout our growing years, than the memory of the early home. Even the toys we played with, are woven into our recollections as though a part of the fabric of our lives. "Jane," when the years have come and gone. Let us put into their recollections something which will be worth remembering. Good furniture is obtainable in woods which make it possible to all. Blessed be the "modern antique!"

Old-Time Flowers.

Even the flowers of our grandmothers are having their turn again. The stocks—didn't they use to call them "gilly flowers"—are the most beautiful of all. In the parks, masses of their thick bloom, in the soft pastel shades are exquisite. Then there are penias and four-o'clocks, snapdragons and amaranths or "everlastings." I saw a hat, with an entire crown of these, in shades of Alice blue. Coxcomb, too, are in the park parterres and in the new old gardens. They'll be on the hats next, with all the crazy chancery.

As a color, chambray will be more popular than as a form, it is said. The best milliners show their shoulders over the idea of coque heads and fathers and "corpses" on the hats. With the latest color, which is becoming to few complements, the new red serves well. The deep, bright blues are also good, as are violet and brown, in combination with the pinks and lilies. Scarcely less trying than linen color is yellow, although it is not so popular, especially in the crepes, silk tulle and soft silks. I saw an evening gown in one of the Jonquil shades, which would become a girl with just the right hair and complexion. It had a woven border, and the corsage was ornamented with trimming of tulle. In white linen, for suit, certain firm is making a specialty of selling sheeting for the purpose. It is of a fine, fine quality, and cuts to the advantage, owing to its extreme width.

It measures seventy-two inches, and sells as low as \$1 per yard. I saw a handsome linen one-piece gown, with eyelet embroidery simulating the pointed tunic. There was a parasol to match, and with it was worn a large black hat, adrift with ostrich plumes. Another linen, in a fine shade of rather deep blue, had a yoke of embroidery in Persian designs, done in shades of blue, buff and orange. Ten buttons on the white lace under yoke, and the under sleeves of the same material, were ornamented with buttons embroidered in threads repeating the colors of the embroidery. The chambrays, Scotch ginghams and kindred fabrics are prettier than ever this spring. A Broadway store, well known for its reliability, has a fine display of these goods.

Do You Know That?

Rain coats are worn several inches shorter than the skirt, however short the skirt is.

With all the richness and beauty of the season's materials, there is a sad for expensive simplicity.

They velvet buttons are seen upon some of the prettiest foulard gowns.

A great deal of soutache braiding appears on dressy broadcloth coats for children of from 2 to 7 years.

Some of the narrow colored edgings are smart, used as trimmings on simple gingham or other wash fabrics.

New hat bridle are either coarse to extremity or of a very fine nature, such as Leghorn, Milan, hemp or hair.

Shallow yokes of net, lace or fine embroideries are a feature on many of the new dresses.

Sleeves on the latest models, in summer gowns, are short.

Enter the polonaise.

Winter fingers in the lap of spring, in the mixture of a bit of fur among the flowers on some of the new hats.

Tailored suits which have a show collar and cuffs of foulard or of plain satin, in contrasting tones.

Figures in dots, disks and lines are seen upon many spring and summer fabrics.

Long-waisted effects appear in the new lingerie.

Lingerie are soft and clinging.

Flowers of different kinds and colors are used together.

The jersey of silk or wool is again popular.

Belts of varnished leather are a fad of the moment upon suits and coats.

Narrow silk fringes upon the edge of the hat is odd, and gives a sophisticated effect to the face.

Vests for use with the Ester hats are large of mesh.

Billows of fluffy material and color, well by lace enhance most of the lingerie frocks.

Grenadine is again in favor.

WOULD BRIBE FOREIGN PRESS.

BERLIN, March 16.—Herr Dirksen, Conservative, in the Reichstag today made the proposition that the government secret service funds be used in an attempt to influence the opinion of the foreign press in favor of Germany.

He asserted that such a course was necessary in order to energetically and quickly counteract the effects of the present attacks of Germany, which he said were universally disliked.

CHRIST CRUCIFIED.

Death Scene of Savior Reproduced for Charity—One More Performance of "Passion Play."

The crucifixion and death of Christ marked the height of tragic climax in the final passage of the Passion Play at the Auditorium last night. It was a terrific scene, and at the same time the one bringing with it feelings of redemption.

This fearful manner of execution, attended with the many tortures inflicted on Christ, brought a sympathetic pity to the hearts of the audience, and increased that feeling which has pervaded throughout the presentation of the drama—that it is by far too sacred a theme to be attempted by ordinary men.

The Way of the Cross was in itself an ensemble of all those who had participated in the affair. In it appeared the soldiers; priests; a mob of people and all of the principals in the cast—a review of the whole.

The crucifixion scene showed the two robbers hanging to their crosses. It was at this death that the scenic effect on the Mount of Golgotha was one seldom surpassed. The great organ brought forth peals of thunder, lightning raged across the darkened clouds, fear filled the hearts of the surrounding multitude and brought final terror and dissolution of the mob.

The musical numbers were the "O Divine Redeemer" of Gounod, sung by Harry Girard; "Seven Words" sung by Mrs. Kirkpatrick; Rossini's "Inferno" at Acensius, with the choir, and Mrs. Fred Dorn as soloist; Stainer's "Processional to Calvary," played on the organ by J. J. Falls, and other numbers of equal beauty by the same soloists.

The entire Passion Play will be reproduced during the three remaining evenings of the week.

The case of Charles R. Helke, secretary of the American Sugar Refining Company, was continued yesterday by the United States Circuit Judge Martin in New York, until May 10.

Long-waisted effects appear in the new lingerie.

Lingerie are soft and clinging.

Flowers of different kinds and colors are used together.

The jersey of silk or wool is again popular.

Belts of varnished leather are a fad of the moment upon suits and coats.

Narrow silk fringes upon the edge of the hat is odd, and gives a sophisticated effect to the face.

Vests for use with the Ester hats are large of mesh.

Billows of fluffy material and color, well by lace enhance most of the lingerie frocks.

Grenadine is again in favor.

WOULD BRIBE FOREIGN PRESS.

BERLIN, March 16.—Herr Dirksen, Conservative, in the Reichstag today made the proposition that the government secret service funds be used in an attempt to influence the opinion of the foreign press in favor of Germany.

He asserted that such a course was necessary in order to energetically and quickly counteract the effects of the present attacks of Germany, which he said were universally disliked.

PARENTS

A prominent superintendent of schools has said that children who have access to this library advance thirty per cent. more rapidly in school than those without it. Think of adding one-third to the value of your children's schooling by having the library in your home.

The world's knowledge in a nutshell, compact, reliable, intelligible.

Invaluable for children going to school. Not too heavy and yet not abridged.

Children Need This Library

They ask questions which the wisest man in the world could not answer, but 3000 famous wise men have answered a MILLION QUESTIONS in this library, and they are get-at-able, as easily found as a name in the directory.

You Need This Library. You, yes You!

There isn't a day in the life of any thinking man or woman but some question arises demanding an answer.

\$3,000,000 was spent in order that 2000 of the world's wisest men might tell you about 250,000 important world's subjects in fifteen volumes, accessibly arranged alphabetically. The world's knowledge arranged like a telephone directory and by the WORLD'S GREATEST AUTHORITIES. It is offered to you at your own price.

MAKE A BID--Will you give a dollar a volume when it's worth five? Will you give \$1.25 per volume for a work that has sold for \$5 per volume? Will you give \$1.50 per volume for an Encyclopaedia which is THE MOST WIDELY SOLD IN THE WORLD FOR MORE THAN \$3 per volume? Make a bid. Sunset will be mailed all successful bidders for one year, 12 numbers, of the greatest magazine published on the Coast, worth \$7.50.

DO NOT FEAR STRIKE HERE.

Officials Declare Engineers Will Help Them.

They Say Firemen Are Trying to Dictate Policy.

Steam Makers Attempt to Put Throttle Men Down.

Local railway officials do not expect any trouble from the threatened strike of the firemen, growing out of the conference of the committee from the firemen's order and the General Managers' Association in Chicago.

In the first place the older engineers on the road are with the companies. In the present trouble, for they realize that the success of the present plans of the firemen means the ultimate annihilation of the Brotherhood of Locomotive Engineers, to which the great majority of engineers belong.

Another thing pointed out. Many of the water engineers are operated by steam and within thirty-six hours any competent engineer could train a fireman to take care of the left side of the cab in a perfectly satisfactory manner.

A local official said last night. "The engineers stand with us in this matter. Our contracts are made with the engineers' order and there has been no attempt on the part of any of the companies or of the engineers to bring about a strike. Our men are satisfied with their work. We are satisfied with their work."

"The trouble lies in the fact that the firemen's order is trying to down the engineers."

TROUBLE NOT NEW.

"The trouble started years ago and the Atlantic system of the Southern Pacific has been having trouble for the past two years."

"The men come into the service as firemen in the roundhouse, and are promoted to act as firemen on the engines. Then they join the firemen's order. In the old days this was known simply as the Brotherhood of Locomotive Firemen."

"After having made good as firemen, the men were promoted to engineers and hence were eligible to join the Brotherhood of Locomotive Engineers, which is one of the best organizations in the service."

"The engineers' organization, however, did not accept a newly promoted man as a full member until he had served about a year. The road and the firemen's order have been making good on the right side of the cab. As a result many of the engineers retained their membership in the firemen's organization."

"We made our firemen's settlements with the committees from that body, and naturally made our engineers' contracts with the engineers. There was no way in which we could tell to which order a man belonged, so of course we dealt with them as a class. Our scales are made with them according to class, and we have made no attempt to question them. In matters of discipline we have followed the firemen's order. It is not that we have followed the firemen's order, but that we have followed the firemen's order."

BODY NOT RECOGNIZED.

"If there was any question of clemency, we, of course, received any committee who called upon us as private citizens, but never as representatives of any body."

"Now the firemen come along and attempt to dictate what our action shall be with regard to the firemen. We cannot allow the matter of our high-class men to be settled by inferior men, and our engineers understand this. We deal with them as engineers."

LOCAL RAILROAD RECORD.

RUSHING WORK FOR CUT-OFFS.

SANTA FE INCREASES FORCES FOR CONSTRUCTION.

Materials for Double-Tracking and New Branch Lines Hurried to the Front and Road Making Efforts to Provide for Extra Traffic Piling in Upon It.

The Santa Fe is rushing more construction along its lines east of Los Angeles at present than at any time within the past three years in an effort to be ready for the increased traffic that has been piling in upon it.

Since the letting of the contract for the building of the Pullerton cut-off, near Orange, construction work has been pushed to such an extent that it is asserted that this part of the line will be ready for operation before May 1.

This piece of construction will cost, with the land purchased for the right of way, more than \$100,000 and it is simply cuts six minutes from the time between here and San Bernardino over the southern branch of the road.

At the same time Superintendent Hibbard has been rushing materials to the Santa Fe cut-off between Parker and Bengal to such an extent that the steel is being laid at a rate of more than a mile per day. "This road will be complete before May 1, according to reports."

When built this line not only will cut the running time between Los Angeles and Phoenix to about twelve hours, but it will also open up an immense mining country to local trade.

Double tracking its lines in an effort to arrange for the avoidance of congestion. When this work is complete it will be possible to cut the time on fast freight and orange shipments between Southern California points and Chicago materially.

Superintendent Hibbard has been rushing teams and material into this

part of the country as rapidly as they can be obtained and is also sending the heavy shipments of Japanese oak ties, which have been arriving at Redondo, to lay these tracks.

These Japanese oak ties are the most expensive in the market at the present time and are expected to outlast every other tie upon the line.

In expectation of this construction the order for the timber was placed more than a year ago and during the past three months these supplies have been arriving monthly at Redondo.

FEUD IN CHINATOWN.

Two Merchants Become Involved, and One Is Found With Head Gashed, Interests Interests.

Powerful interests in Chinatown are being brought to bear in a settlement of a feud between two merchants, which culminated yesterday afternoon in an assault upon Lem Lee, 65 years of age, of No. 747 North Alameda street.

Lem is connected with some of the large moneyed men of the Los Angeles oriental quarter as well as the San Francisco Chinatown. Apparently he is a tailor. The police state, however, that he does a little side business of gambling and opium selling. As a result his place is frequented day and night.

Yesterday afternoon there was an argument in the little shop. Presently a police whistle blew and a patrolman reached the building the Chinese men had slipped out. Lem was stretched on a bench with a long cut in his forehead. He was trying hard to suppress his sobs and refused to make a statement. He was promptly visited by Chinamen, who were trying to get him to make a cash settlement of the differences.

A Chinese is always willing to suffer the indignity of a cut, or a blow for a little money. This rule will probably prevail in the present case, since none of the Chinese mentioned had seen a blow struck. Some said that a rice bowl had been used, others that Lem had been hit with a stool, and still others that a dagger had been brought into play.

Lem remained as cheerful as possible while being taken to the Receiving Hospital, and while the stitches were being taken in his wound he chewed on the end of his pig tail so as to refrain from crying out.

Later a Chinese deputation called to see him and he was taken to the Receiving Hospital. The visitors waited outside, however, and Lem went down the street with them, although his wound was bleeding. In the old days this was known simply as the Brotherhood of Locomotive Firemen.

LITTLE TIME LEFT.

Rush for Yuma Farms Expected at the Land Office During the Three Closing Days.

But three days remain in which to file upon the Yuma Reclamation Project farms. The receiver of the local Land Office anticipates a rush during these closing days. "If many are unable to get their applications in on time, Saturday afternoon, it will not be our fault," said the receiver. "We have given repeated notices through the papers that the office force cannot handle more than 300 applications a day at the very outside. Those who are waiting for Saturday will have little opportunity to get their applications to the clerks. This closing will promptly at 4:30 p. m., even if there are scores of persons in line."

Up to yesterday afternoon a total of 1242 applications were received. About 2500 registered at Shrine Auditorium, on the opening day, March 1. It is evident that several hundred who registered had little thought of applying for a farm, but possibly thought they could sell their cards to others.

The person who finally gets farm units will be lucky. There are nearly 1000 applications have been made for this one farm. This particular farm of forty acres fronts on the townsite of North and is close to the government canal and experiment farm.

The next favorite unit is No. 34, with thirty-seven applications. No. 35 has thirty-six applications.

Some time after the closing day, the receiver will fix a time for holding drawings. As the Land Office is not large enough to accommodate the crowd, a special hall will be secured. No payments will be made until the fortunate applicant is decided for each of the 173 farms.

LOCAL ACTOR-MINSTRELS.

Players Will Give Big Show in April for Benefit of Their Suburban Establishment.

The Players' Country Club, recent actors' organization, includes in its membership most of the local theatrical colony, and to further the finances of the club and its suburban home, a minstrel benefit, participated in by all of the principals of the local companies, will be given at the Belasco Theater on Tuesday and Wednesday afternoons, April 12 and 13.

A feature will be a sketch, in which the chief roles will be enacted by A. Byron Beasley, Lewis S. Stone and Richard Vivian. Cartoonists and several well-known newspaper artists will also be pulled off.

There will be the customary minstrel parade at noon, and the street appearance of the actors, headed by a band of thirty-eight instruments, should be an effective piece of advertising.

The first rehearsal was held on the stage of the Belasco Theater yesterday afternoon, and members of the Burbank and Belasco companies were allotted their parts in the production. This event should be the local Lamb-Gambol—an annual affair of amusement moment in New York City, in which amateur members of the most famous actors' organization in the world take part.

FATHER AND SON ACCUSED.

J. L. Woodruff, who is alleged to have served a penitentiary sentence for grand larceny, was arraigned before Justice Sumnerfield, yesterday on a charge of having stolen a horse and buggy. He is accused of having sold it and gone to San Bernardino to enjoy the proceeds. The officers declare he had stolen a pig just before he took him into custody. He will be given a preliminary hearing on the 25th inst. Ollie Woodruff, his wife, is also under arrest in connection with the horse theft. He probably is released, as the older man is said to have confessed and takes all the blame.

ORANGES AND MILK.

Young Attorney from Mississippi Takes Them Together and Is Taken to Receiving Hospital.

Lee Russell, a young attorney of Vicksburg, Miss., was stricken with stomach trouble yesterday while waiting to take a train at Arcade Station to return to his home.

Russell was removed to the Receiving Hospital. His condition was very serious, and Dr. Wright made immediate preparations to wash out the suffering man's stomach.

Russell became alarmed and got up from the operating table. He said he had been eating a number of oranges and drinking milk, and that he thought he would feel all right shortly. He refused to permit the operation and hurried from the hospital, casting fearful glances back at the instruments. Evidently he forgot stomach misery, and everything else, and fled from the place.

FRESNO FUGITIVE CAUGHT.

FRESNO, March 16.—Chief of Police Shaw today received word that J. M. Alexander, who is wanted in this city upon a charge that he victimized a number of business men by means of worthless checks, has been captured at La Junta, Colo. When caught Alexander was in company with his wife, and the pair were making their way to the East. An officer was sent to bring the man back for trial.

IS THINNESS EMBARRASSING?

Undoubtedly It Is to Many a Maiden and Youth—While Even These Well Along in Years Prefer Well Rounded Figures.

Prescription Increases Weight.

A scrawny, gauntling youth or maiden is almost invariably overlooked or ridiculed in any social gathering. There is something about a plump or well rounded figure which attracts not only the eye, but love and admiration as well.

People with a proper amount of flesh are favored in all walks of life. While the thin are unloved, unattractive and frequently miserable for life. The difference lies in the power of the digestive functions and the ability of the blood and nerves to absorb and distribute over the body the nutrition extracted from the food eaten.

The thin person is abnormal and lacks the power to absorb and retain the flesh and fat elements which the gastric juices in the stomach and intestines should extract or separate from all kinds of food and drink.

A recent accidental discovery has proven that tincture cadomene when blended with certain other drugs, will add from one to three pounds of flesh per person in the stomach and intestines and health and strength also improves wonderfully.

Get in a half pint bottle, three ounces of essence of papain and three ounces of syrup rhubarb; then add one ounce compound essence cardui, shake and let stand two hours; then add one ounce tincture cadomene (not cardamom). Shake well and take a teaspoonful of water between meals and when retiring.

HOW HE CURED

HIS CATARRH

accompany this disease, such as vomiting back into the throat, a constant desire to "hawk and spit," feeling of dryness in the throat, cough and spitting upon arising, scales forming in the nose which required much effort to blow out, sometimes causing my nose to bleed and leaving me with a headache. I had thus suffered for five years, all the time trying different local treatments of inhalations, sanfts, douches, etc., with no real good effect. Of course I was greatly

discourage, and soon as I heard from you I commenced S. S. S. as you advised and after using it a short while noticed a change for the better. I continued to take it believing the trouble was in the blood, and S. S. S. made a permanent cure for me. I am now entirely free from Catarrh.

JUDSON A. BELLAM.

224 Randolph St., Richmond, Va.

The cure was made by Mr. Bellam, described in his letter of Catarrh, and

The symptoms of Catarrh describes in his case of Catarrh are familiar to every one who suffers with this disease. For five years he had suffered with the burning, itching, and stinging. And was greatly discouraged when one treatment after another failed to cure him. When he realized that Catarrh is a blood disease, he knew that the former treatments had been wrong, and only a blood purifier like S.S.S. could produce permanent good results.

Catarrh is not merely an affection of the mucous membranes; it is a deep-seated blood disease in which the entire circulation and greater

of the system as involved. It comes from impurities accumulating in the circulation, and as the blood goes to every portion of the body the catarrhal matter irritates and inflames the different mucous surfaces and tissues causing an unhealthy and inflammatory discharge, producing the other well known symptoms of the trouble.

It is the failure of local treatment to produce permanent good results in Catarrh of the Uterus, that has caused the failure of the latter to be the cause of the trouble. Temporary relief and comfort may often be obtained by using some douche or, internally, but no cure can be effected.

S. S. S. cures Catarrh by cleansing the blood of all impure catarrhal matter, and at the same time building up the system by its unequalled effects. It goes down into the circulation and removes every trace of foreign matter or impurity. In other words S. S. S. cures Catarrh by purifying the blood so that the mucous surfaces and linings of the body are all supplied with healthy

ere is but one way to cure Catarrh—purify the blood, and there is
one absolutely safe and sure blood purifier—S.S.S. We have a
cial book on Catarrh; we will send this book, and also any special
dical advice desired free to all who write.
